## TECHNICAL DATA SHEET

### JetPac - R

*REGULAR VISCOSITY*

#### DESCRIPTION

JetPac - R is a premium grade high-purity proprietary polyanionic cellulose additive used for rheology and shale control in drilling fluids.

#### TYPICAL PROPERTIES

<b>Appearance</b>	Off-White Powder
-------------------	------------------

#### COMPARISONS\*

PAC-R Samples Compared				
	A	B	C	JetPac - R
600 rpm reading, DI water*	108	106	75	113.5
600 rpm reading, 4% salt water	103	93	88	113
600 rpm reading, saturated salt water	147	142	75	140.5
API Fluid Loss, ml/30 min	5.6	4.6	5.8	4.8

\*Test methods per API Spec. 13A, 17<sup>th</sup> Edition, Sections 14 & 15
