If on skin:

May cause mild irritation.

SECTION 5. FIRE-FIGHTING MEASURES

Extinguishing Media

Suitable Extinguishing Media

Use extinguishing media appropriate for packaging and surrounding fire * Use dry chemical, carbon dioxide, foam.

Special Protective Equipment and Precautions for Fire-fighters

Evacuate area of all unnecessary personnel. Use water, fog or spray from a safe distance to cool fire-exposed containers and equipment to flush spills away from fire and to disperse vapours.

Use NIOSH-approved self-contained breathing apparatus and other protective equipment if conditions warrant.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, and Emergency Procedures

Use the personal protective equipment recommended in Section 8 of this safety data sheet.

Environmental Precautions

It is good practice to prevent releases into the environment. Do not allow into any sewer, on the ground or into any waterway.

Methods and Materials for Containment and Cleaning Up

Use appropriate safety equipment. Small spill: sweep up and put into approved DOT containers for disposal or re-use.

Large spill: DO NOT allow to enter sewers, storm drains, surface waters or soil; sweep up or shovel into approved DOT containers for disposal or re-use. Clean spill area with soap and water.
