

1.1. Product identifier

Product form	: Granular
Substance name	: Salt (Sodium Chloride)
Product code	: Salt
Other means of identification	: Sodium Chloride, Raw Salt, Road Salt, Deicing Salt, Water Softening Salt, Feed Salt, Industrial Salt, Hide Salt, Rocanville Coarse, Rocanville Standard, Rocanville Fine, Vanscoy Coarse, Vanscoy Standard, Bath Salt, Exfoliant, Ice Biter, SALTZ ALL

1.2. Relevant identified uses of the substance

Relevant Identified Uses: Industrial, Deicer, Feed, Hide, Water softening, Bath Salt

1.3. Details of the supplier of the safety data sheet

Panther Industries Inc. 108 Internal Road Davidson, Saskatchewan SOG1A0 Phone 306-567-2814 Fax: 306-567-2888 Email: clayton.panther@sasktel.net

Website: www.pantherindustriesinc.com

1.4. Emergency telephone number

Emergency number 1-306-567-2814

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Not Classified

2.2. Label elements

None

Salt Safety Data Sheet

Signal word (GHS-US) Hazard statements (GHS-US)	 None Product does not meet criteria for classification
Precautionary statements (GHS-US)	: Prevention – Implement acceptable industrial hygiene practices Response – Wash hands thoroughly after handling
	Storage – store in well ventilated space a safe distance from incompatible materials
	Disposal – Dispose of waste/residues in accordance with local authority requirements
2.3. Other hazards	No additional information available

SECTION 3: Composition/information on ingredients

3.1. Substances

Not applicable

3.2. Mixtures

Name	Product identifier	%	GHS-US classification
Sodium chloride	(CAS No.) 7647-14-5		Generally recognized as safe

SECTION 4: First aid measures		
4.1. Description of first aid measures		
First-aid measures general	: If medical advice is needed, have product container or label at hand.	
First-aid measures after inhalation	: If inhaled, remove to fresh air and keep at rest in a position comfortable for breathing. Give oxygen or artificial respiration if necessary. Obtain medical attention if breathing difficulty persists.	
First-aid measures after skin contact	: Wash skin thoroughly with mild soap and water. Obtain medical attention if irritation develops or persists.	

Salt Safety Data Sheet

First-aid measures after eye contact	: Immediately rinse with water for a prolonged period (15 minutes) while holding the eyelids wide open including upper and lower lids. Obtain medical attention if pain and irritation develops or persists.
First-aid measures after ingestion	: Do not induce vomiting. Administer water if patient is conscious. Ingesting salt will usually cause purging of the stomach by vomiting. Seek medical attention if a large amount is swallowed. Get medical advice and attention if you feel unwell.
4.2. Most important symptoms and effects, both acute and delayed	
Symptoms/injuries	: Irritation to eyes, skin and respiratory tract.
Symptoms/injuries after inhalation	: Overexposure may be irritating to the respiratory system.
Symptoms/injuries after skin contact	: May cause skin irritation.

Symptoms/injunes after skin contact	. May cause skill initiation.
Symptoms/injuries after eye contact	: May cause eye irritation.

Symptoms/injuries after ingestion	: If a large quantity has been ingested : Abdominal pain; Diarrhea; Nausea;
	Vomiting; Tingling in hands and feet; Weak pulse; Circulatory disturbances
Chronic symptoms	: Prolonged inhalation of dust may cause respiratory irritation.

4.3. Indication of any immediate medical attention and special treatment needed

No additional information available

SECTION 5: Firefighting measures		
5.1. Extinguishing media		
Suitable extinguishing media	: Not flammable. Use extinguishing media appropriate for surrounding fire.	
Unsuitable extinguishing media	: None known.	
5.2. Special hazards arising from the substance or mixture		
Fire hazard	: Under conditions of fire this material may produce: toxic fumes	
Explosion hazard	: Product is not explosive.	
Reactivity	: Stable at ambient temperature and under normal conditions of use.	
5.3. Advice for firefighters		
Firefighting instructions	: Keep upwind. Under conditions of fire this material may produce: Potassium oxides; Hydrogen chloride; Chlorine gas	
Protection during firefighting	: Wear full fire-fighting turn-out gear (full Bunker gear) and respiratory protection (SCBA).	
Other information	: Do not allow run-off from fire fighting to enter drains or water courses.	
SECTION 6: Accidental release measures		
6.1. Personal precautions, protective equipment and emergency procedures		

6.1.1.	For non-emergency personnel	
Protecti	ve equipment	: Wear suitable protective clothing, gloves and eye/face protection including tight fitting goggles in areas of high dust concentration. Wear NIOSH approved respiratory protective equipment when workplace conditions warrant use of respirator.

: Do not breathe fumes from fires or vapors from decomposition.

General measures

Emergency procedures	: Collect as any solid. Ventilate area.
6.1.2. For emergency responders	
Protective equipment	 Wear suitable protective clothing, gloves and eye/face protection including tight fitting goggles in areas of high dust concentration. Wear NIOSH approved respiratory protective equipment when conditions warrant use of respirator.
Emergency procedures	: If possible, stop flow of product. Contain and collect as any solid. Ventilate area.

6.2. Environmental precautions

If spill could potentially enter any waterway, including intermittent dry creeks, contact the U.S. COAST GUARD NATIONAL RESPONSE CENTER at 800-424-8802. In case of accident or road spill notify CHEMTREC at 800-424-9300 (in USA) or CANUTEC at 613-996-6666 (in Canada). In other countries call CHEMTREC at (International code) +1-703-527-3887.

6.3. Methods and material for containment and cleaning up

For containment	: Contain and collect as any solid. Do not allow into drains or water courses or dispose of where ground or surface waters may be affected.
Methods for cleaning up	: Recover the product by vacuuming, shoveling or sweeping. Avoid generation of dust during clean-up of spills. If uncontaminated, recover and reuse as product.

6.4. Reference to other sections

No additional information available

SECTION 7: Handling and storage		
7.1. Precautions for safe handling	ng	
Additional hazards when processed	: When heated, material emits irritating fumes.	
Precautions for safe handling	: Handle in accordance with good industrial hygiene and safety procedures. Avoid contact with skin and eyes. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.	
Hygiene measures	: Emergency eye wash fountains should be available in the immediate vicinity of any potential exposure.	
7.2. Conditions for safe storage, including any incompatibilities		
Storage conditions	: Store tightly closed in a dry, cool and well-ventilated place. Protect from moisture.	
Special rules on packaging	: Avoid contact with aluminum or carbon steel to minimize corrosion.	

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Highly soluble – No ACGIH TWA, Particulate Not Otherwise Specified (PNOS) not appropriate for highly soluble material.

8.2. Exposure controls	
Appropriate engineering controls	: Ensure adequate ventilation, especially in confined areas.
Personal protective equipment	: Gloves. Safety glasses. Protective clothing.
Hand protection	: Impermeable protective gloves.
Eye protection	: Protective goggles and safety glasses
Skin and body protection	: Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Wear suitable protective clothing. Wash contaminated clothing before reuse. Handle in accordance with good industrial hygiene and safety practice. Wash clothing frequently.
Respiratory protection	: Use NIOSH-approved air-purifying or supplied-air respirator where airborne concentrations of dust are expected to exceed exposure limits.
Environmental exposure controls	: Ensure adequate ventilation, especially in confined areas.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state	: Solid
Appearance Color	: Crystalline solid. : White to red
Odor	: None
Odor threshold	: No data available
рН	: 6-8
Relative evaporation rate (butylacetate=1)	: No data available
Melting point	: 1473.8ºF (801°C)
Freezing point	: No data available
Boiling point	: 2669ºF (1465°C)
Flash point	: No data available
Self ignition temperature	: Not flammable
Decomposition temperature	: No data available

Salt

Safety Data Sheet

Flammability (solid, gas)	: Not flammable
Vapor pressure	: No data available
Relative vapor density at 20 °C	: No data available
Relative density	: 2.14
Density Solubility	: No data available : 26%
Log Pow	: No data available
Log Kow	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available
Explosive properties	: None known.
Oxidizing properties	: None known.
Explosive limits	: Not explosive
9.2. Other information	
VOC content	: No data available
Bulk Density	: 71 – 77lbs/ft3 (1137 – 1234kg/m3)
Molecular Formula	: NaCl

SECTION 10: Stability and reactivity

10.1. Reactivity

Stable at ambient temperature and under normal conditions of use.

10.2. Chemical stability

Stable at standard temperature and pressure.

10.3. Possibility of hazardous reactions

Hazardous polymerization will not occur.

10.4. Conditions to avoid

Protect from moisture.

10.5. Incompatible materials

Contact with acids liberates toxic gas (chlorine). Lithium, interhalogens (bromide, triflourite, etc), acids, oxidizing agents, iron and cement.

10.6. Hazardous decomposition products

Jan 15 2022

Safety Data Sheet Contact with strong acids may produce hydrogen chlorine gas.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity

: Not classified

Sodium chloride (7647-14-5)	
LD50 oral rat	3 g/kg
LD50 dermal rabbit	> 10 g/kg
LC50 inhalation rat (mg/l)	> 42 g/m ³ (Exposure time: 1 h)

Serious eye damage/irritation	: Salt dust can cause
	eye irritation
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: Not classified
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified

SECTION 12: Ecological information		
12.1. Toxicity		
Ecotoxicity	: The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.	
Environmental Fate	: No data available	
Toxicity	: No data available	
Degradation Products	: No data available	

SECTION 13: Disposal considerations

13.1.	Waste treatment methods	
Sewage	disposal recommendations	: This material may be hazardous to the aquatic environment. Keep out of sewers and waterways.
Waste o	lisposal recommendations	: Place in an appropriate container and dispose of the contaminated material at a licensed site.

Salt

Safety Data Sheet

Additional information : Dispose of waste material in accordance with all local, regional, national, and international regulations. **SECTION 14: Transport information** In accordance with DOT / TDG / ADR / RID / ADNR / IMDG / ICAO / IATA 14.1. UN number No dangerous good in terms of transport regulations. 14.2. UN proper shipping name Not applicable 14.2 Additional information Other information : No supplementary information available. **Overland transport** No additional information available Transport by sea No additional information available

Air transport

No additional information available

SECTION 15: Regulatory information

15.1. US Federal regulations

Sodium chloride (7647-14-5)	
Listed on the United States TSCA (Toxic Substances Control Act) inventory

15.2. US State regulations

The following states have an OSH program approved by OSHA. If you are located in any of these states you may be under state jurisdiction rather than federal jurisdiction and your state may have more stringent requirements than OSHA. You should consult your state regulations to ensure compliance.

Alaska	Indiana	Minnesota	North Carolina	Utah
Arizona	Iowa	Nevada	Oregon Puerto	Vermont
California	Kentucky	New Mexico	Rico	*Virgin Islands
*Connecticut	Maryland	*New Jersey	South Carolina	Virginia
Hawaii	Michigan	*New York	Tennessee	Washington
*Illinois				Wyoming

*The state plans in these states apply only to public sector employers. In these states private sector employers are subject to USOL – OSHA jurisdiction. All other state plans apply to both public and private sector employers.

Sodium chloride (7647-14-5)	
U.S Texas - Effects Screening Levels - Long Term	

Safety Data Sheet

Sodium chloride (7647-14-5)	
U.S Texas - Effects Screening Levels - Short Term	

15.3. Canadian regulations

Sodium chloride (7647-14-5)	
Listed on the Canadian DSL (Domestic Substances List) inventory.	
WHMIS Classification Uncontrolled product according to WHMIS classification criteria	

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the MSDS contains all of the information required by the CPR.

SECTION 16: Other information		
NFPA health hazard	: 1 - Exposure could cause irritation but only minor residual injury even if no treatment is given.	
NFPA fire hazard	: 0 - Materials that will not burn.	
NFPA reactivity	: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.	

The data contained herin is believed to be accurate and reliable, but no expressed or implied warranty is made with regard to the accuracy of such data or its sustainability for a given situation. Such data relates only to the specific product described and not to such product in combination with any other product. We disclaim all liability for any actions taken or forgone on reliance upon such data. Users should make their own investigaion to determine the suitability of the information for the particular purposes.
